

2020 Education Day

With last years success the CAA is proud to announce that we will again be bringing some industry greats to share their wealth of knowledge with you. Our new tradition in selecting the educators each year will be having the previous years Masters climbers present the following year. This will keep a fresh talent pool of ideas coming. It will also give climbers that may not have ever had the opportunity to speak to a group a platform to expand on their skills, something The Charlotte has always been passionate about.

This years presenters are Jeff Inman, Shawn Welch, Kevin Bingham, Bryan Joseph Brock, Cormac Nagan, Douglas Ralph, and Lily Soderland. Jeff and Shawn will be teaming up to discuss climbing while always staying on a tensioned line, something that will keep us all safer. Kevin Bingham, Douglas Ralph, and Bryan Brock are teaming up to discuss Evolving Climbers Trough Technique and Nature to give climbers ways to better move through the tree to increase efficiency and abilities. Lily Soderland and Cormac Nagan will be teaming up to discuss building your kit. This will show you some great ways to apply a lot of the gear you have in ways that you may have never seen before to get us thinking about establishing key pieces of kit and developing a style that suits you. We are excited to have these all stars share their wealth of knowledge with all of us.
